

**Involved in  
Science Education?**

**[www.aae.org.uk](http://www.aae.org.uk)**

**The Association for  
Astronomy Education  
is here to help you**

Astronomy is part of the National Curriculum at Key Stages 2, 3 & 4  
It is a popular option in A-level Physics

Membership of the AAE is open to everyone interested in Astronomy Education. Individuals or Organisations may join the AAE, which is a Registered Charity : 1046041

Benefits of membership include:

- \* Quarterly newsletter GNOMON featuring articles on astronomy teaching, book reviews, topical sky maps and notification of education events - free advertising facilities for members
- \* Printed extracts from 'Universe in the Classroom' - an excellent source of ideas from the Astronomical Society of the Pacific
- \* 'Ask an Astronomer' in the UK - our question-line service
- \* Access to a network of visiting speakers

## Application for Membership Subscriptions

Individual £12 Corporate (3 copies) £24
